

SCAVENGER HUNT

Who Can Play? Anyone with a smartphone or tablet, with our downloaded app

Objective: Morale Boosting, Fun, Competitive / Collaborative

Teams (or individuals) compete in a global scavenger hunt, without having to leave the comfort of their own home. With an easy to use scavenger hunt app, teams compete to earn the most points by accomplishing the most challenges in the agreed timeframe (1-day, 3-days, 1-week, or more).

Challenges may include: photos, videos, trivia, fun activities and so much more! Each challenge has an associated point value. Participants can work on their team's challenges in their own time and time zone. The leaderboard keeps everyone on their toes! We typically include 60 challenges/hunt. It is possible to customize up to 10 challenges to your organization.

Challenge examples:

- Show us what's for breakfast!
- Your pet/s: Dog? Cat? Fish? Snake? Turtle? Llama? Iguana? We want to see them all.
- My Favorite Recipe – provide a delicious recipe you would recommend to your group
- New Hobby – show us an example of a new hobby you've taken up since being home
- Wellness – show us how you are taking care of yourself, whether it's you in a yoga, meditation or Pilates pose, or even a mud mask and cucumber slices on your eyes – there may be a chance for bonus points!
- Show us your favorite card trick via video
